Guideline for *Open Source Promotion Plan Management System*

The users who have access to this system are restricted to the following roles: *Administrator, Organization, Student and Mentor.*

The information collected in the system is only served to this program operation. The organizing committee will take reasonable measures to protect private data, personal identity information and other sensitive information.

Overview of System Permission:

Administrator
  - Release Program
  - Organization Management
  - Student Management
  - Assign Administrator Account

Organization
  - Complete Organization Information
  - Apply For Program (Complete Questionnaire)
  - Release Projects

Student
  - Complete Personal Information
  - Apply For Program (Available on 10, May, 2021)
  - Apply For Project (Available on 10, May, 2021)

Mentor
  - Select the students who undertake the project
  - Review mid-term/final project output

【Student Guideline】

1. Student register the system account via e-mail and will receive the verification mail (as the following) to login system.

2. Complete the personal information and save.

3. After the administrator approved the information, you can edit the information except name and will not require to be reviewed.
